NUTS INVESTIGATION!

The Dancing On Ice look tested!

Are skintight outfits a good thing?

ON TV!

It's no secret that some of the *Dancing On Ice* ladies – like Jennifer Metcalfe and that Nickelodeon lady – look even hotter in their clingy outfits. Heck, even Kerry Katona doesn't look too [Stop right there! – editor]. But is the same effect true of blokes like Comedy Dave and Vanilla Ice? Does a man in a spangly skater suit suddenly look sexier? In the interest of science (in a way!), two *Nuts* men slipped into their silver one-pieces, got their skates on and headed out to see what the ladies thought! Then hit the pub to relax after another tough day!

"Does the shandy make me look a bit girly?"

IN THE PUB!

ON THE STREET!

PAIR OF BERKS!

LADS IN LYCRA!

Well, girls?

What the ladies thought

LIZZIE, 30, READING

"I'm afraid these are awful. Your lads are no Vanilla Ice, I'll tell you that."

VICTORIA, 26, LONDON

"The only thing I can say is they might be able to lend me some nice accessories!"

EILISH, 20, SO'TON

"I'm into unique looking guys, but not when the look is that of a total ponce!"

CAROLINE, 30, KENT

"I want to like the look, I really do. But my sense of taste is preventing it!"

CLAUDIA, 29, LISBON

"Oh, dear! These dudes look like one of my aunts from Portugal!"

ABBY, 22, LONDON

"I'd go and chat a guy up if he was wearing this, but only for a bit of a laugh!"

Verdict!

A slamming from women! The skate look needs to be put on ice – permanently!

"We're here to audition for *Tron: The Musical*!"

2011's coolest cars!

The cream of Detroit's Motor Show 2011

The first big motor show of the year is traditionally held in what's still the heart of America's car industry: Motor City, Detroit. So welcome the choice cuts of the

North American International Auto Show, as it's catchily titled, where Porsche, Mercedes and Audi thought it big enough to launch their new hot metal. Gawp at this, now...

AUDI RS3 Has the 2.5-litre, five-cylinder turbo motor from the TTRS, a seven-speed twin-clutch gearbox and Quattro four-wheel drive. It hits 62mph in 4.6 secs, then goes on to 155mph.

£39K

MERCEDES SLS AMG E-CELL This all-electric version of Merc's SLS AMG is only two tenths of a second slower than its petrol-drinking twin, and achieves 0-62mph in 4.0 secs.

£170K

BMW 1 SERIES M COUPE The baby Beemer coupé finally gets an M medallion. There's an overboost mode, spiking torque from 332lb-ft to 369lb-ft, and it'll do 0-62mph in 4.9 secs. Sweet.

£40K

6 Nuts

MINI PACEMAN COUPE CONCEPT With a Cooper Works 212bhp turbo petrol motor, linked to Mini's new ALL4 four-wheel-drive system, it'll hit 62mph in 6.5 secs and top 150mph.

£22K

CADILLAC CTS-V COUPE The CTS-V is one badass race car. It'll compete in the Sports Car Club of America (SCCA) World Challenge, where its sub-four-second 0-62mph will be handy.

TBC

WORDS: JONNY SMITH PHOTOS: GETTY

AUDI E-TRON SPYDER CONCEPT The Boxster-sized hybrid sports drop-top has been fettled even further. It's now diesel-powered for the rear wheels and electric for the front wheels.

TBC

MADNESS!

£422K

PORSCHE 918 RSR CONCEPT The second version of Porsche's hybrid supercar punches out 756bhp, as the mid-mounted V8 screams to 10,300rpm with a top whack of 198mph+. Fierce.

HYBRID LAPTOPS

Korean tech chaps Lenovo launched a hybrid computer that looks like a conventional lappy, with full keyboard and screen on a hinge. But the screen lifts off to be used as a tablet.

This year's new tech!

The best gadgety stuff for the next 12 months!

CES is a tech expo held every January in Las Vegas, where the great and good of the world of technology show off the flashy, microchip-rammed stuff they hope we'll be buying over the coming months. And hedge their bets as to where they see technology moving forward over the next year or so.

People with thick glasses, wacky hair, personal hygiene issues and blogs (ie technology journalists) swarm the place like girlfriend-free, Flip camera-carrying locusts to cover every electrical inch of it.

And we just step back and pick out the best stuff. Like this...

WORDS: KORY BUCKENKOT

WIRELESS CAR CHARGING

American car giant GM has teamed up with induction-charging specialist Powermat to introduce some ace new technology that enables you to charge your electric-motored car by parking on special surfaces in car parks or installed in your drive. Handy!

CONNECTY TECH

Now stuff will communicate with other stuff! Like Samsung's Wi-Fied camera, where you can use a smartphone as the viewfinder and to take snaps remotely. Or Panasonic's cool new tablet, which connects to the TV for picture-in-picture viewing and internet browsing.

FREAKISHLY ACCURATE ONLINE YOU!

Xbox have fine-tuned their Kinect mapping system, so when you enter a chatroom as your avatar, it'll sync the lips when you talk and even show incredible detail like facial movement and eyebrow raises. Impressive!

SERIOUSLY THIN PCS

Samsung's kicked the Macbook Air into touch with the ZX310 – a thinner and more powerful laptop, which packs a faster chip, better/more connectivity and seriously long battery life. Touché, Monsieur Apple – now over to you!

THE RETRO LOOK

Everything's going retro, only it's all full of clever cutting edge tech! See TDK's awesome three-speaker iPod boombox, with its uncovered speakers and old-school volume dials. Sweet!

4G PHONES

Next up for phones is "4G" connection, now rolling out in the States. It's essentially home broadband-speed internet on your phone (and tablet), making your current wired home line obsolete. HTC and Samsung have already released compatible blowers.

GLASSES-LESS 3D TV

Toshiba and Sony have figured out how to create 3D without you having to wear those silly glasses, and they should hit stores by the end of the year. Good news for the likes of us, bad for Reggie Yates, who habitually wears unnecessary glasses.

New superheroes unveiled!

Spider-Man, meet Captain America!

Gentlemen, here's a sneaky look into your cinema-slobbering, popcorn-chomping, blockbuster-gawping future, as we've secured amazing first-look snaps of the comic book stars coming your way! First up is Brit actor Andrew Garfield's take on Spider-Man in the fourth movie, which reboots the character as a darker figure who has to fight the Lizard (Rhys Ifans) and gets to snog the delectable Emma Stone as his first love Gwen Stacy.

Then there's a first peek at Chris Evans in *Captain America: The First Avenger* – an origins story about how the '40s weed became a shield-lobbing, Nazi-thumping superhero.

Captain America drops in July this year. *Spider-Man* in July 2012. We can't wait!

WORDS: RORY BUCKERIDGE

Holly Willoughby

In *Dancing On Ice*

Holly threatened to knock the low-cut dresses on the head. Then premiered this chi-chi number on Sunday's show. There was ice skating, too, apparently. We didn't notice.

Natalie Portman

In film *No Strings Attached*

We're loving Nat's current film choices – thonging it up in *Your Highness*, and now in a lacy bra for her latest. Life's better when you stop chasing those pesky Oscars, eh?

Laura Vandervoort

In lizardy alien drama *V*

Sci-fi show *V* is all about nasty alien lizards who also happen to look pretty sweet in their undies. Us? We're pondering the advantages of a girlfriend who can unhook her jaw.

Eliza remembered to pack up her bikinis in her old kit bag for her hols. Luckily, her bag is tiny and only holds bikinis and a toothbrush. Oral hygiene's important, right, kids?

Addison Timlin

Californication star Addison's name may sound like someone stuck a fist in a Scrabble bag and sent the results to Equity. But as you can see, she's actually real! In both senses.

Amy Winehouse

What's the point, we often ask ourselves, in ladies getting boob jobs and not showing us the results? Amy agrees. Well, she doesn't, but her boobs do. The lovely little keenies!

Flying dolphin!

Crikey, Flipper's gone airborne!

We all know dolphins are smarter than us and will probably be the dominant species on the planet one day – well, it turns out they're now having a crack at flying, too.

This once-in-a-lifetime "Wahey!" moment was caught on camera by a fisherman in New South Wales, Australia, when a dolphin suddenly took to the skies just as the chap was taking a snap. So that's dolphins for you – smart, graceful, able to get some serious air and, if you happen to be Japanese, blooming delicious, too!

After going on a rampage and attacking six locals in the

town, the cat ignored cops' warning shots and attacked Mane, giving hero cop Dhas no option but to shoot it dead.

"My only thought was to save that man," said Dhas. "I didn't want to kill the leopard."

"Please now address me as Vikas 'Leopard Killer' Dhas," he went on to say. Probably.

Truck hits house!

Army vehicle 1, family home 0

Who wouldn't like to be in someone's shiny army boots after this £1million, 28-tonne Ranger armoured vehicle met a family house in Portland, Dorset. With the family at home! The bombproof motor made a break for freedom while being unloaded off a transporter and took out the Nethercotts' garage – and two cars – before coming to a rest at their kitchen door. Still, if this is the destruction it causes just by forgetting to put the handbrake on, imagine what it'll do to those pesky Taliban!

Ranger facts

- The £1m armoured truck has a protection system that will withstand mines, small arms and IEDs.
- In an emergency, the seats can be removed to use as a stretcher.
- A unique "floating" crew capsule gives protection from roadside bombs.
- The Ranger packs a machine gun, anti-tank guided weapon, one-man turret and either a 30mm cannon or a 7.62mm machine gun plus grenade launcher.

'I'd never seen so much blood'

Mountain-biker thrashes own thigh after fall!

Most two-wheeled injuries this bad involve an engine of some sort, so Sean Rank's wound is all the more impressive as it was done on just a mountain bike! Sean, a 23-year-old adventure guide, tells Nuts, "I was biking in

Canada with a couple of friends, when I came to two steep slabs of rock. Ignoring my mates' advice, I ploughed straight over. "I flew over the handlebars and fell down about six feet. Then I looked down – I'd never seen so much blood! I'd landed on the end of my handlebar and

it had stuck in my leg, and as I rolled over, it'd peeled back the skin, revealing the inside. "Then followed a tricky descent down the mountain, before I was finally seen by doctors. It took about an hour and a half and 35 stitches to put my leg together. Horrible!"

"Why's this hat good with toast? 'Cos it's a beanie"

It's a trap!

An Aussie invents a new mouse trap consisting of a ramp with a razor blade at the top, set at right angles. The clerk in the patent office asks, "How does it work?"

The Aussie says, "The mouse walks up the ramp and leans over to get the cheese. His neck goes onto the razor blade, which slits his throat."

The clerk replies, "You fool! There wouldn't be enough pressure to slit its throat. Get lost!"

After months of research, the Aussie makes a vital modification by removing the cheese. He returns to the patent office and puts the trap on the desk.

"OK, enlighten me," says the clerk.

"It's simple," says the

Aussie. "The mouse walks up the ramp, leans over onto the razor blade and slits his throat..."

The clerk yells, "That's exactly the same as the useless one you showed me before!"

"No," says the Aussie, "this time the mouse moves his head from side to side saying, 'Where's the f**king cheese?'"

I last about an hour when I'm having sex – my girlfriend doesn't think it's a problem but I'm worried she's getting bored. Could it be an issue?

Jason, Preston

It could be – I'm not a fan of hours on end of thrusting. I'd rather have a man with a good recovery time. You can make it more interesting than just ploughing away, although she might be into it anyway. My advice is to mix it up a bit – change positions, use role-play, have her dress up. Stuff that's going to get you there quicker.

Four the best?

I really want to try group sex. Do you think that if I suggested a foursome with another couple, my girlfriend might come around to the idea?

Nathan, Gloucester

No! If somebody's not up for numerous people, then they're not up for it – inviting two of your mates round isn't going to work either! You may have better luck by showing her some group porn filmed in nice romantic situations, which might make it seem less seedy.

Tranny too far?

I like cross-dressing. I'm not gay, I just like it, but I'm never going to find a girl who finds it anything but weird, am I?

Niall, Dublin

Of course you will! Girls come in all shapes and sizes, and there will be ones who are turned on by that, for sure – I know girls who are into some freaky stuff. I'd never even consider doing! Get a job as a drag queen, then you know there'll be girls in the crowd who like it!

I can't keep up!

My new girlfriend's sex drive is too strong! How can I deal with it without it splitting us up?

Daz, Droitwich

For a woman, it's quite frustrating if your drive and hers don't match up. You have to find a happy medium. Tease her and make her all frustrated and hot for you, then she'll be well into it when you're ready!

DARA O'BRIAN

The Irish comic on lookalikes, potatoes and video games!

Hi Dara! You asked your followers on Twitter to suggest names for your new DVD. What hilarious play-on-words did you opt for in the end? I went for something really sad – *Dara O'Brian: This Is The Show*, which is a perfectly fine, confident title for a DVD. The hilarious winning pun was *Dara O'Brian: Craic Dealer*, which I don't think would've gone down too well with the advertisers. In fact, they went bananas. The other two I really liked were *Registered Comediction* and *Practising Comedianologist*.

You realise that an abbreviation of *Dara O'Brian: This Is The Show* is *Dara O'Brian: TITS*? Yes, I do. Now that it's too late! Who's more annoying? The meerkat off the Compare The Market ads, the opera singer from the Go Compare ads or you in the Money Supermarket ads? Oh, please don't perpetuate this myth that I'm in that Money Supermarket ad. Omid [Djalili] is darker-skinned and a foot shorter. I'm a Curly Wurly to his Malteser. Is it just the bald head? Is that all people see?

Well, if you put on a pair of glasses and turn up your collar, you're a dead ringer for Harry Hill. I've had people come and say, "I love that show. It's the best thing on Saturday nights." People think you're just being incognito. I get mistaken for Al Murray a lot, too.

What about Ross Kemp? Kemp I haven't got. I haven't got that far-away haunted look like I've seen death in my eyes like Kemp has.

Between series of *Mock The Week*, do you just sit behind your desk waiting for everyone to come back? Yes, we all sit there and read newspapers and watch spiders build webs on our heads. No! I f**king can't get out of that studio fast enough!

You're Irish, of course. Would you like a potato? Ah, Lord! Saying that, I haven't eaten, so I actually would like a potato.

NUTS MAN!

'I'D BE SH-T AS AN APPRENTICE CONTESTANT'

I can probably get over the stereotype. I do enjoy a potato in its many teasing forms. How about three potatoes, but you have to take Ronan Keating back? I'd be quite up for that, but we've already taken him back. He lives in Ireland now. How about a whole sack of potatoes in exchange for Louis Walsh, Boyzone and Westlife, plus we'll let Ireland qualify for the next World Cup? Firstly, it's not up to you to let Ireland qualify for the next World Cup, and I hope you choke on those words as Trap's [Giovanni Trapattoni] brave boys stuff you the next time we compete. Secondly, I live in London, so all those people can go back if they want. If they're in Ireland, they're not bothering me. Fair enough. You've been described by some people as "Terry Wogan's rightful heir". But you haven't got any! Ah, here we go. I object to the f**king Wogan comparison but that's just a poorly disguised bald joke, isn't it? Saying that, it's not even disguised! Yeah, you got us. You're a big gamer, aren't you? What's currently pushing your button? I am! Even as we speak, I'd like nothing more than to end this interview and go back and play *Fallout New Vegas*, then maybe get on to a bit of *Fifa 11*. Yeah, us too actually. Is there any comedy to be found in video games? Yeah, definitely. I've managed to sell a routine based on the crouch button in *Metal Gear Solid* for 135 gigs. It's actually become my big finale routine. Thanks, Dara. Finally, are you hoping that after doing really well on *The Apprentice: You're Fired*, they'll promote you to Sir Alan Sugar's role? No. It's not a hope of mine in any way at all! I'd be sh-t as a contestant as well. I can't work in a team. I'm lazy. I'd just want to go back and play *Fallout New Vegas*. I'd have no interest in selling fish for the sake of getting a proper job. I'd be useless! ■

NUTS NEXT TOP MODEL!

ONLY IN Nuts!

Introducing the hottest new models - in their first ever Nuts shoot!

"I like French knickers!"

April

She's 22, from London and has 34FF boobs!

Hi April! How does it feel to be Nuts' Next Top Model? Brilliant! I'm really excited about it! I love Nuts, so it's cool to be in the mag. Hopefully, this'll be the first of many shoots I do for you. Tell us a bit about yourself. I'm a full-time model and I do some TV presenting. Other than that, I lead a quiet life. I prefer a few drinks rather than clubbing. What's more important in a man - looks or a sense of

humour? Definitely a sense of humour! I think good looks bring a lot of arrogance, so I prefer someone who can have fun and laugh at himself. It's easier to relax with a fun guy! What's the nicest thing you've ever done for a bloke? When I was younger, I sold my necklace to buy my (then) boyfriend a chain for Christmas, which he loved. I regret it now, though! Have you ever kissed a girl? Yeah, my best friend. We were

snogging each other all night and couldn't leave each other alone. Everyone in the club was looking at us. It was ages ago! What's your favourite kind of underwear? Anything that's girly and fun. I quite like French knickers, that sort of thing. Where's the most adventurous place you've had sex? On top of Primrose Hill in London! Finally, what plans do you have for 2011? I'd like to work abroad. I'd like to settle down

a bit, actually, and find someone to have a mature relationship with. And, of course, I'm hoping to be back in Nuts again soon! ■

INSIDE THE MIND OF A SNIPER

The weapons, the skills and the kills – what does it take to become a British Army sharpshooter?

\$ince January 2006, Lance Corporal "X" has been deployed on operations in Iraq and Afghanistan – for his own safety, we can't publish his name or regiment. Here, he speaks exclusively to *Nuts* about life as a sniper, what it takes to become one, and how to survive the world's deadliest battlezones.

Hi Lance Corporal "X"! What was your first week in Afghanistan like? It mainly consisted of situational briefings. As a sniper, I also had to collect my shooting data. Shooting out there is totally different to shooting in the UK. You need to take into account humidity, air density and the effects of heat shimmer among other things. Humidity and air density affect the flight of your bullet, while heat shimmer compacts distance – all things you need to consider if you want to kill someone with one bullet. Our accommodation in Camp Bastion was smack bang opposite the medical centre, so while we were there, we saw every dead and injured soldier who was

brought in. Every day, someone had been killed or injured, be they British, American, Danish, Estonian or Afghan. I'll always remember that – it wasn't something we needed just before we were about to go out on the ground!

And your first day on patrol? We were thrown in at the deep end. We'd received intelligence that a vehicle was being used to transport explosives. Our task was to set up a covert observation point, get eyes on the vehicle, kill the driver and disable the engine, so ground forces could search the vehicle. We waited for 12 f**king hours in the Afghan heat. The vehicle never showed up. I was f**king devastated! **When was the moment you realised this was for real?** I was never blasé about the situation and always knew it was for real, especially having experience in Iraq, but I'd say within a week of being out on the ground in Afghanistan, when the forward operating base I was at came under rocket attack. We were sleeping in the open with only a disused

parachute as a roof, so when the first rocket hit, I thought "F**k this, I'm finding better cover." That just reminded me that there were crazy f**kers trying to kill me and my mates. Luckily, no one was hurt in that instance.

What's it like looking down the scope? When I look down the scope, I don't have any feelings for the man I'm about to kill or injure. All I'm worried about is that the target hits the deck. F**k them, they're the enemy. They'd shoot me and my mates and plant bombs in the ground for us to step on!

What does it take to become a sniper? Obviously, you have to pass a sniper course to gain the qualification, but even before you turn up at the course, you have to be an above average infantry soldier and, speaking from experience, you have to be mentally and physically robust. From my own experience, snipers have to be emotionless – to feel anything for the people you're shooting would hinder your performance. There's a lot more to sniping than just shooting! ➔

LANCE CORPORAL "X"

THE SEVEN SNIPER SKILLS

1 SNIPER KNOWLEDGE

Snipers are instructed on the tasks they may be asked to carry out on the battlefield. As well as this, they're also instructed on the L115A3 weapon system and the history of a sniper.

2 NAVIGATION

All snipers are expert navigators. On the sniper course, candidates hone their map-reading skills and are taught to navigate from aerial photography. This is to ensure that a sniper can plan his task accurately.

3 OBSERVATION

Snipers are taught how to observe and log enemy movements. This ensures they can detect the slightest detail that may give away an enemy. Snipers have been known to stay in one location for days on end.

4 STALKING

Stalking's an art form. A sniper must be able to approach an enemy position undetected, then get into position, calculate wind and distance to the target, take his final shot and extract from the location undetected.

5 CONCEALMENT

Snipers are experts in camouflage and concealment. They're taught to conceal themselves using natural vegetation to enable them to lie undetected when observing enemy movements or when moving.

6 SHOOTING

Snipers must be able to calculate wind values, distance and elevation. Snipers are also taught firing from all positions – standing, lying down, kneeling, sitting and crouching. This improves the chance of a first-round kill.

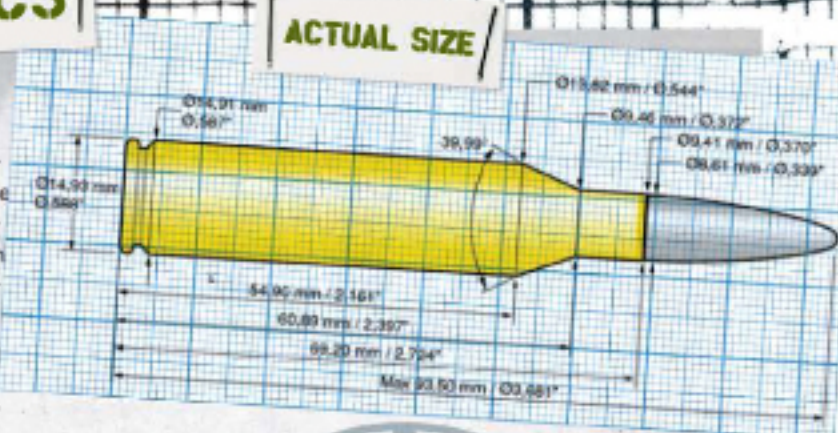

7 JUDGING DISTANCE

Snipers are taught a number of methods to help them judge the distance to a target, ranging from methods using the naked eye to using optics on the rifle. Again, this improves the sniper's chances.

THE WORLD'S BEST SNIPERS

NUMBERS

During the Second World War, Soviet marksman Vasily Zaytsev killed 225 Nazis in the Battle of Stalingrad, one of whom was a sniper he "duelled" with for three days. His story was told in 2001 movie *Enemy At The Gates*.

SPEED

In 2010, a British sniper from The Rifles shot dead five Taliban gunmen in an astonishing 28 seconds, just moments before his comrades walked into their ambush. The sniper, who can't be named for security reasons, was setting up an observation point with his spotter when they noticed the group of Taliban rebels. Immediately, the gunman snapped into action. Hiding in an old fort, he pulled his L115A3 into position. As soon as he was given the command to fire, he engaged. Less than

half a minute later, the five Taliban were down. "My job's about taking care of the boys," the hero said. "It's not about how many you kill!"

CONSISTENCY

Former Finnish soldier Simo Häyhä, nicknamed "White Death," holds the record for the most kills in any recorded war, with a mind-blowing 505 confirmed in the 1939 conflict between Finland and the Soviet Union. What makes Häyhä's achievement even more spectacular is the fact that the majority of his kills came from the barrel of an iron-sighted M28 Pystylorva rifle – a far cry from the technologically advanced weapons at the disposal of snipers today. In fact, he chose not to use a telescopic sight because a sniper must lift his head slightly higher to use it, making him that little bit more detectable.

"White Death" killed 505 in one conflict.

BONKERS BODGE-JOBS!

What happens when spanners use spanners!

CUT A RUG!

We thought Britain's roads were bad – we're just lucky we don't live somewhere they plug holes with carpet!

LAUGHABLE LAWNMOWER!

"Wood" you believe it? Some plum has used a bit of tree to re-wheel his lawnmower!

BARMY BRIDGE!

Builders got creative when this bridge almost collapsed. With no pallets, they probably got the afternoon off, too!

TERRIBLE TAPS!

Sold your taps for beer funds? Just use a red pen for hot and a blue one for cold like the students who did this. Genius!

SWORD STAND!

If there's one job any bloke can do, it's replace a bonnet stand. We suggest you don't use a broadsword, though!

HOME-MADE LIGHTS!

Headlight replacement: £65. One torch and a multipack of AA batteries to guide you at night: £9. You do the maths!

SILLY STEPLADDER!

In fairness to the owners of Eylül stores in Turkey, business had been slow – so slow, they couldn't afford a ladder!

BONKERS BELT!

Fancy a Pot Noodle when you're out? Fear not, because you've got some cutlery for it right there in your midriff!

STUPID STAND!

It might look like a fancy art installation, but this dodgy TV stand only costs around £25 and any "artist" can do it!

WALL-MOUNTING WALLY!

A couple of old skipping ropes and half an hour's work, and you'll have the best view of the football in the house!

WHEN BRAS
CAN'T COPE!

When bras can't cope!

Warning! Overworked underwear giving way ahead!

HOLLY!

We've all tried over the years to squeeze into a pair of jeans that don't really fit our beer belly. Usually, the material just about manages to last the day. Sometimes, though, bras just can't handle the stress some of the *Nuts* girls put them under, and they end up ping-pong-ing off. Mercifully, we're always there to capture it, and we've got some cheeky pics to show you! ➔

WHEN BRAS
CAN'T COPE!

"I fondle
150 pairs
of boobs
a year!"

HOLLY PEERS

Hi Holly! When was the last time you had a bra mishap? I don't have problems with my bras, just bikinis! I've lost count of the number of times I've jumped into a pool and come up with my boobs all over the place! Describe your ideal bloke. Tall, dark and handsome! Dark eyes do it for me and I like a man with a tan and a good body. And who doesn't take himself too seriously. I'm not interested in anyone who's arrogant. When was the last time you had a naughty thought? A few minutes ago when Emma Glover came out wearing just a tiny bra and her boobs were bursting out of it. I thought to myself how much I'd enjoy taking it off her! Over the course of a year, how often do you get to feel other girls' boobs? Well, it works out at about three a week, so let's work it out... more than 150 pairs! What a lot of fondling! Do other girls ask to feel your boobs? All the Nuts girls are so

comfortable with each other, we don't even have to ask. If we fancy a squeeze, we just do it! What's the worst job you've ever had? A waitress. I worked in an Italian restaurant in Manchester and the Man United players used to come in often. I nearly dropped some broccoli juice on Sir Alex once, and another time, I just barely avoided chucking a pint of Coke over Wayne Rooney. I lasted about six weeks in the job! When the Nuts girls have a sleepover, is it all sexy nighties and pillow fights? It's great! We usually end up crashing in one room. Everyone walks around in their knickers, drinking wine and doing each other's hair and make-up. Having no clothes on is just natural to us now! Thanks, Holly! Finally, whose boobs do you admire the most? We were just talking about this and I grabbed Emma Glover's chest and said, "I'd like my boobs to be exactly like this!" She has a fantastic pair! ➔

EMMA GLOVER

Hi Emma! Has a bra ever given up trying to contain your whopping boobs? Yeah! I was in full-on sexy secretary gear when I worked in the City and it just gave way. There's not a lot you can do! I worked in an office that was about 90 per cent men, and I think every one of them must have sent an email about it! **Crumbs! Who do you really fancy but you know that you shouldn't?** Simon Cowell. I don't know why. He's not handsome, and it's not his money. It must be a power thing. I wouldn't say no! **Interesting! Whose boobs are bigger out of yours and Holly's?** We measured them yesterday, actually. Technically, they're the same size, but Holly's boobs are a little bit wider, and mine are a bit "taller". You could make the ultimate pair of boobs out of them if you combined them! **Do you have a girl crush on anyone?** Have you ever had one of those dreams where you snog

someone, then wake up fancying them?

I had one of those about Emma Frain.

She was my girlfriend and I snogged her in my dream, and she wrapped her leg around me. So she's my girlfriend in real life now. I hope Rosie doesn't read this and get jealous!

We're jealous enough! Which of the girls on the shoot groped your boobs the most? I don't think there's a girl on set who hasn't had a feel of my boobs today! From models to make-up artists to stylists, everyone's been all over them. At one point, I was just sitting there and literally every woman in the room was just squeezing them. I was being abused!

Thanks, Emma! Finally, whose boobs do you admire the most? Who's that old girl who wears bikinis? Helen Mirren. She's epic, she has an amazing body. I hope I look half as good as that when I'm in my 60s. And I'll still be wearing bikinis in public! ➔

"I fancy Simon Cowell!"

WHEN BRAS
CAN'T COPE!

"I struggle
to close my
bra every
morning!"

ELLE

Hi Elle!
How the devil are you? Great, thanks! I haven't been very well at all lately, but I'm back to health now and happy to be on this shoot! I was really late but it was just a great day looking at boobs. Even if I missed lunch!
When was the last time you had a bra mishap? I have trouble closing my bra every morning because I wear them so tight to keep everything covered up. So I have an argument with my bra every day. I always win!
Good. When was the last time you were really outraged? I can't really think, you know. It takes a lot to outrage me. I'm not easily offended. Unless you push me on the train and don't say sorry – that winds me up!
What did you make of new girl Lacey's boobs? They're fantastic! But I have to be honest, I was more distracted by Emma Glover's boobs. They're beyond big at this moment in time. She tweeted a picture of them the other day and I had to

save it to my phone – don't act like you didn't!
Do you prefer a man to be scruffy or smart? Scruffy. If you take a smart-looking guy and put him on a building site for a week, that's what I like. A little bit of rough!
Did you go to university? Yeah, I studied Events Management but I didn't like it so I went home! I like a party and I'm organised, but it wasn't fun, so I decided to get my boobs out instead. It's always better to enjoy the party rather than organise it!
How often do you feel other girls' boobs? We've all had a big feel of Emma's to work out her secret to such massive ones. So whenever I see Emma – or anyone who's got a good pair – I'll always have a good squeeze!
Thanks, Elle! Finally, what's your favourite thing about your own boobs? They greet me every morning. Men think women are lucky to always be able to see boobs, but do you reckon Simon Cowell feels lucky to have his? I bet he bloody doesn't! ➔

50 Nuts

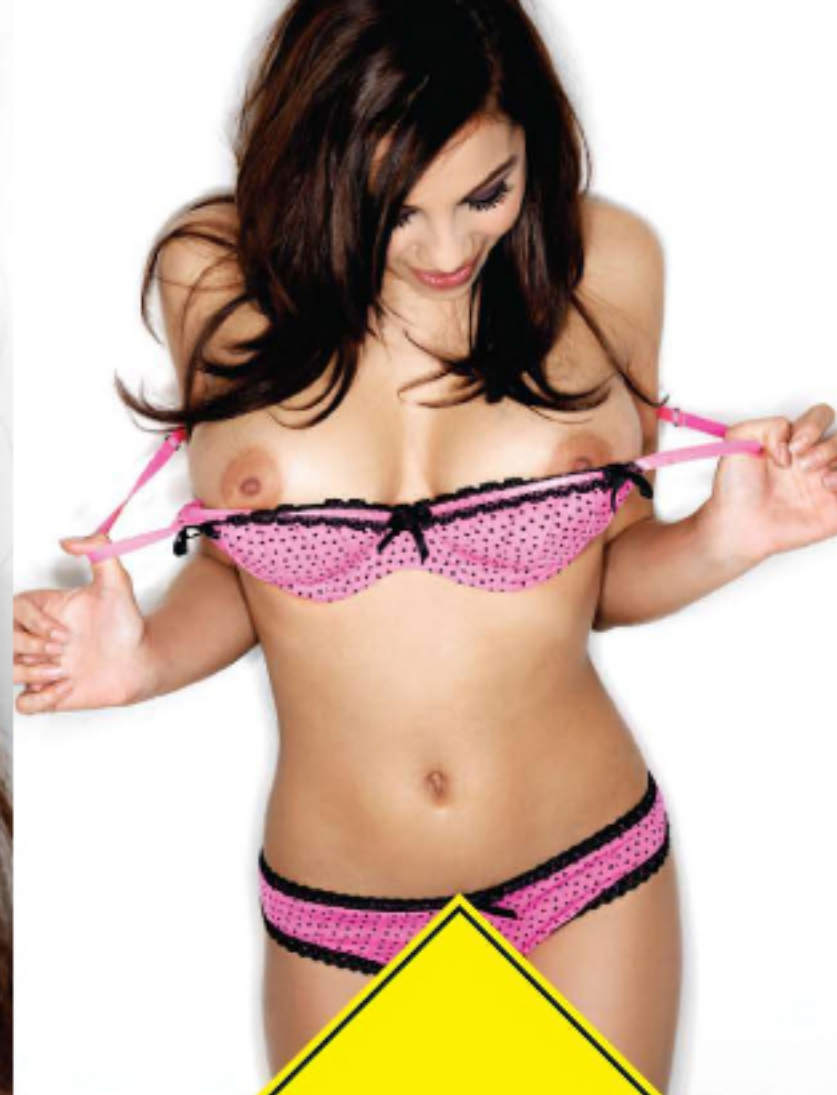

INDIA

Hi India! What would you say is your favourite night out? Going clubbing with Rosie Jones and Emma Glover and getting really drunk is always a good laugh. We love dancing and acting the fool. Fortunately, nightclubs are quite dark so we don't look too ridiculous! **Do you have a girl crush on anybody?** Yes! I love Kara Tointon, she's gorgeous! Nice tan, lovely hair, really pretty – the whole package. **Do any other celebs push your buttons?** I also have the hots for Rihanna. Some men find her terrifying but I love her attitude, her styling, her voice. She's another big girl crush for me! **Do you like to listen to her music when you're being naughty in bed?** Oh yeah! Her new single *What's My Name* gets me right in the mood! **Where's the weirdest place you've been recognised?** I don't get people coming up to me and saying, "Oi, you've been in Nuts,

haven't you?" Instead it's a kind of general recognition that they can't put their finger on. Maybe it's because I've got some clothes on! There was one time where an old guy saw me in a hairdresser's and came in and sat next to me. He thought he knew me and I didn't have the heart to tell him he'd probably just seen me in a men's mag! **Describe your ideal man.** I like tall men, they work for me, and someone with a nice body. Also, if a man can make me laugh he's in with a good chance! **Who's been the naughtiest girl on this photo shoot?** That's quite a hard one. We're all quite cheeky in our own way. But I think I'd have to go for Lacey. She's just crazy! Whether on a shoot or in a nightclub, she's always the loudest one – right in the middle of things! **Thanks, India! Finally, what are the best features of your boobs?** I'm told they're round, soft and good to play with. I've not had too many complaints! ➔

WHEN BRAS
CAN'T COPE!

LACEY

Hi Lacey! When's the last time you got really angry? I went mental once because I was waiting at the bus stop outside my house for about an hour and four buses went past me without stopping. I just lost it! I stormed inside and started chucking things around until I realised what a d*ckhead I was being, so finally calmed down! **What's more important in a man – big muscles or a sense of humour?** Oh, a sense of humour every time! Big muscles would be alright for a bit but eventually, I'd just get bored looking at a man's muscles every day. That's not what rocks my boat. If someone's funny, he can keep me entertained, and I'm a girl who likes to be happy! **What's the worst job you've ever had?** I've had loads! The worst was when I was in a call centre and had to ring people up about their debts. I used to dread going to work every day. I'd get shouted at, sworn at and

hung up on. You need a really thick skin to do a job like that and it didn't suit me at all! **How long did you last?** Oh, hardly any time at all. I ended up getting fired because I never recovered any money! **What's the wildest night you've had out on the town?** I'd say it was my birthday. Champagne and I don't get on but that night I had loads of it and paid the price. I went crazy, dancing on the stage, rolling around the dancefloor and generally losing the plot. Great night, though – and it was my birthday after all! **What's your favourite song to "get it on" to?** Something by Drake or Lil Wayne. I'll go for Lil Wayne actually, because he's got such a sexy voice and it really turns me on. **Thanks, Lacey! Finally, your shoot looks a lot of fun! Who would you say is the naughtiest girl on set?** Well, I've just had Emma come over and cup my boobs! Does that make her the naughtiest or me? You decide! ■

"Emma just came over and cupped my boobs!"

SACKING OUR MANAGER, EVERY WEEK

Nuts EXCLUSIVE!

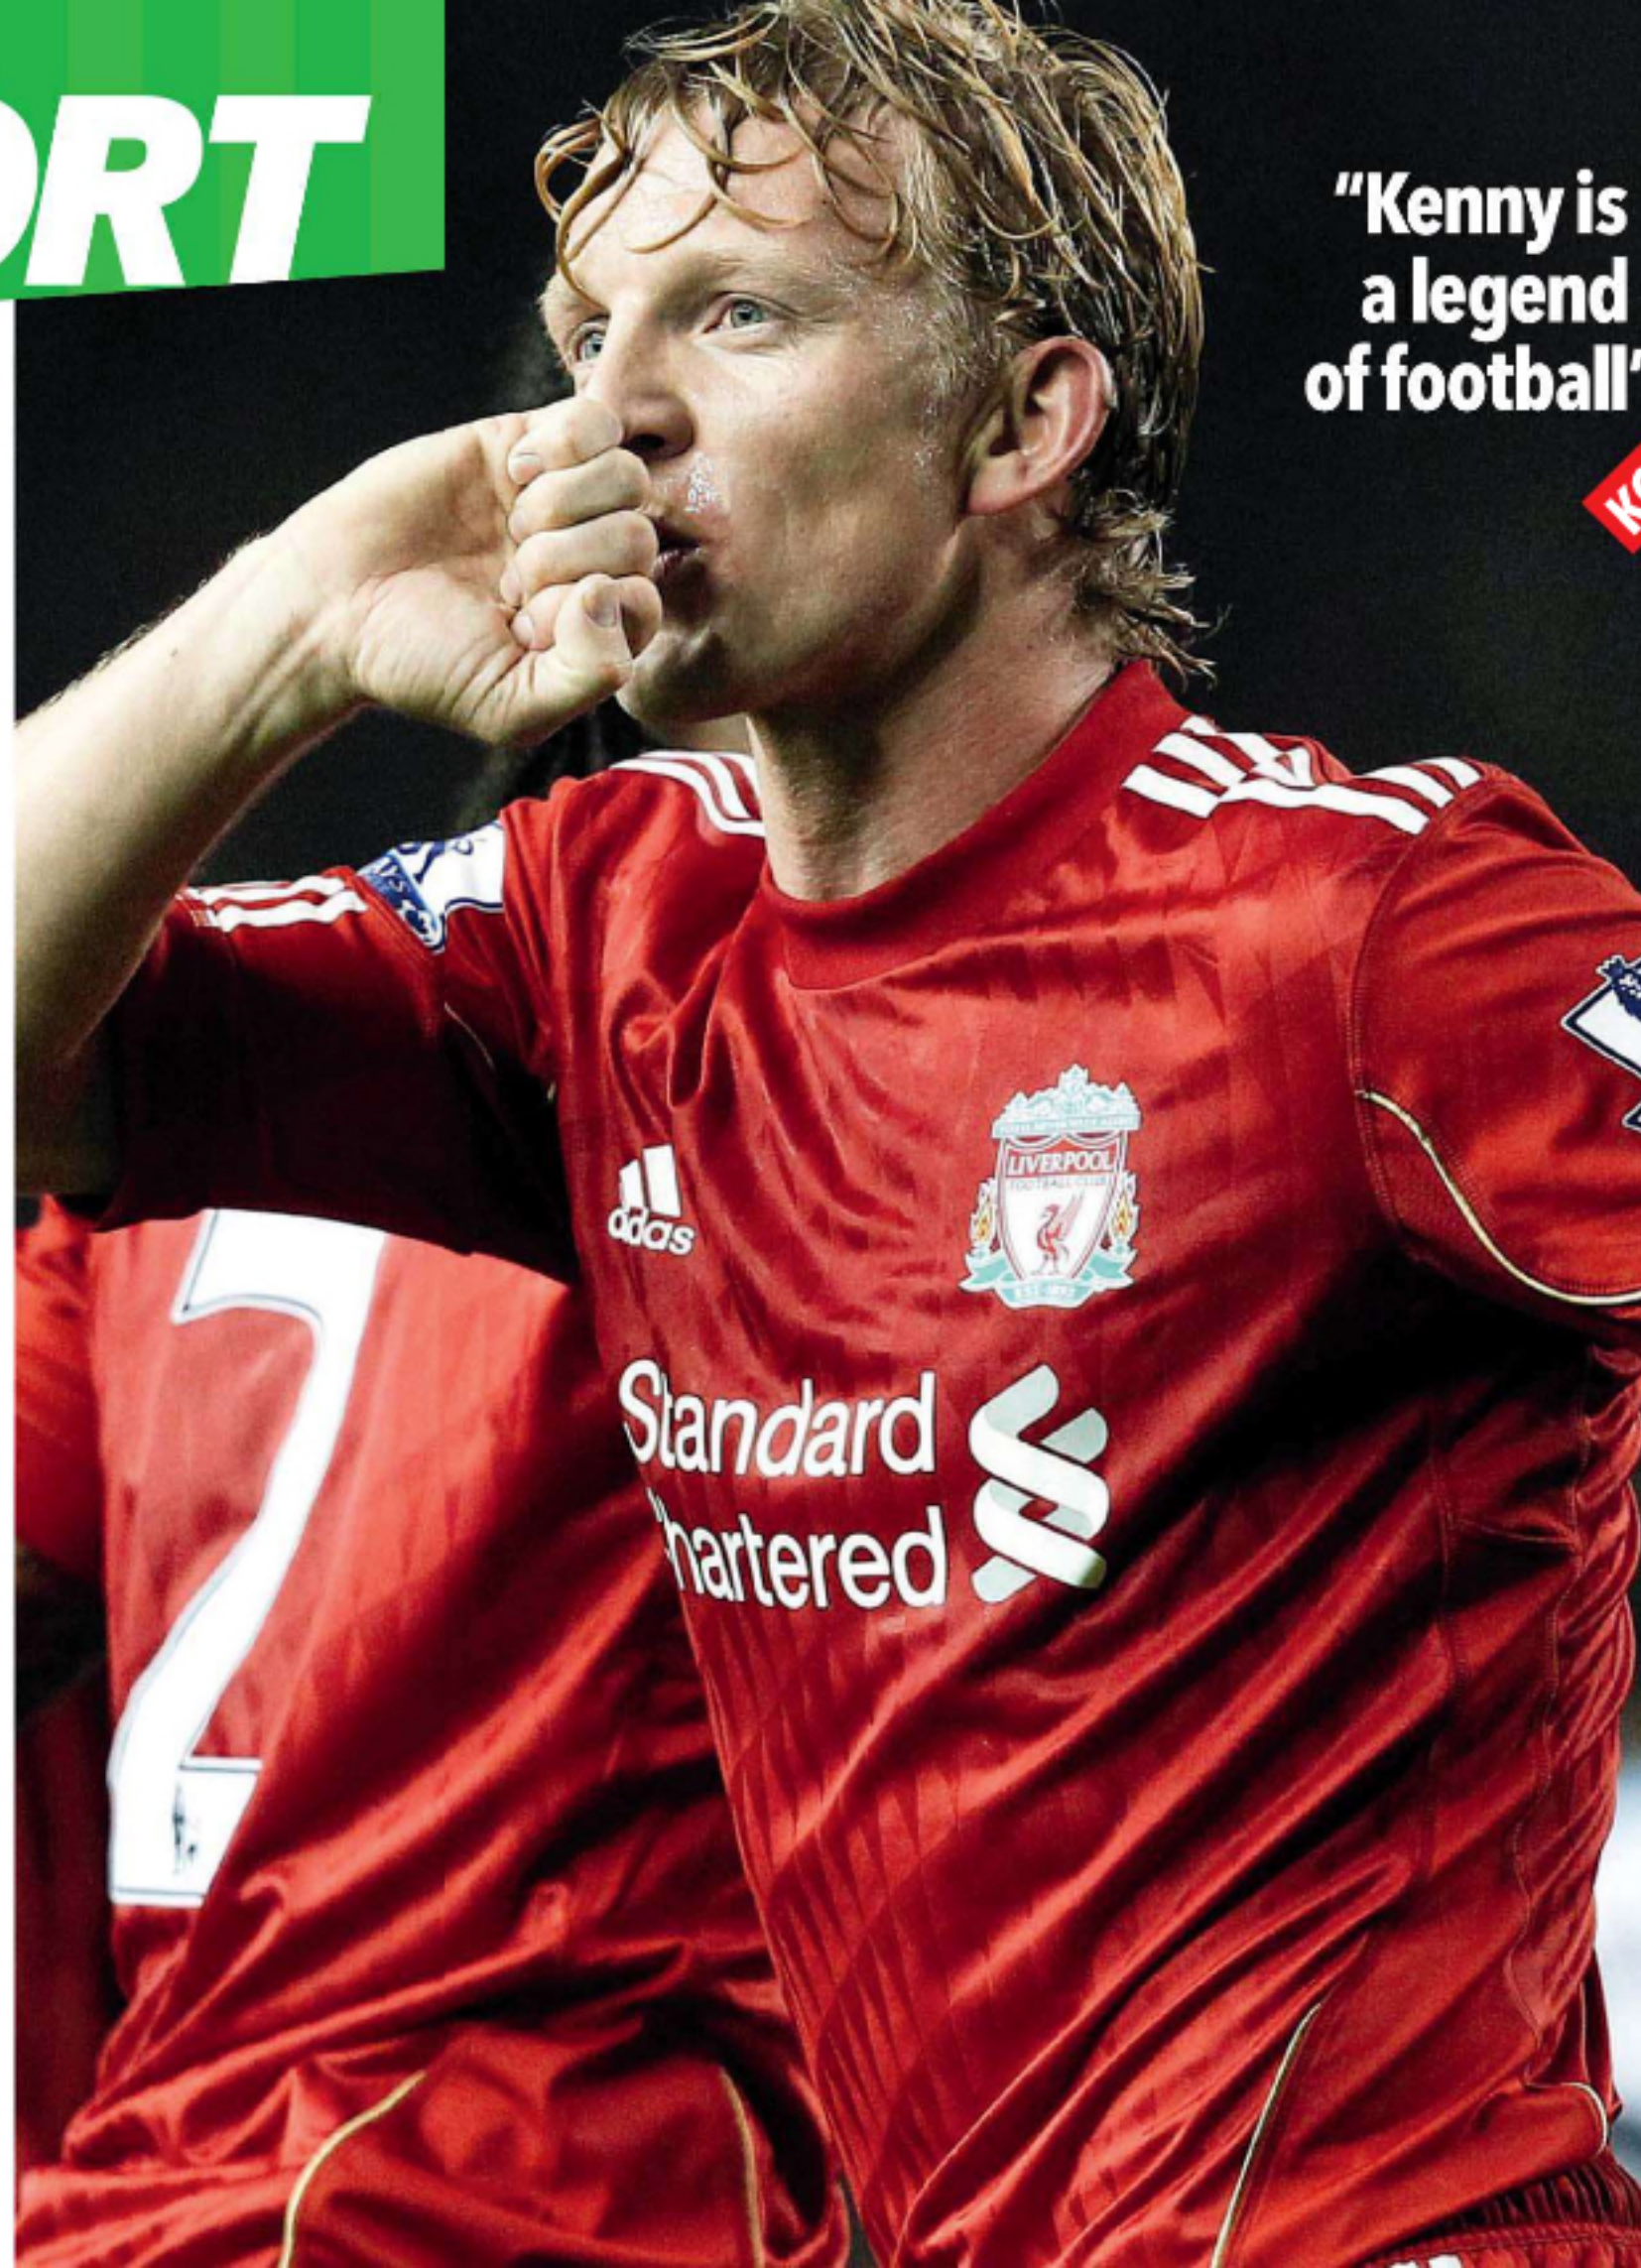

Kuyt: 'We're lucky to have King Kenny!'

Liverpool's Dutch master chats solely to *Nuts*!

Hi Dirk! So far, it's been a massively disappointing season for Liverpool, what can you do to turn things around? There's no magic solution to where we are – only hard work will bring results. We're still a good team. A few seasons ago, we were challenging for the title and there can be no excuses for any disappointments. We as players just haven't done well enough. We must do better.

So it wasn't all Roy Hodgson's fault then? Roy is a good manager and a good person. It's sad that he left us. The responsibility lies with all of us, not just one man. He had a difficult situation to deal with, results weren't good and our confidence suffered. I'm sorry Roy paid the price. Tell us about the Kenny Dalglish effect. Everyone in football knows about Kenny Dalglish. He's a legend around the world, particularly with the Liverpool supporters. He deserves this, too, because of his achievements as player and manager. We're lucky to have a man of this quality to help. I'm sure he'll get us get back to where we belong. What is he like in the dressing room? He has the total respect of everyone. When he talks, you listen. This is a legend of football, with incredible experience. I'm sure we will benefit from his presence. Do you think he will stay beyond the end of the season? It will depend on results. If he does, it'll mean we have played well. If this happens, I'll be glad!

What are Liverpool's realistic goals now? We must restore the faith in Liverpool. We have the best fans in the world so we must give them something to cheer about. We have suffered, but they have suffered more. Our responsibility is to win as many games as we can and repay their faith. With an Anfield crisis, it's inevitable there will be talk about big names leaving. What does Liverpool still have to offer players? This is a club with a name around the world. It's a privilege to play for them. We cannot hide from the reality, but we are a team with much to offer. Look at our history and the players we have. Liverpool is a special club and a special city. I think we will see that there are many players who wish to join us. Thanks, Dirk! Any final message for the fans? Their support means so much and their passion is incredible, even when things aren't going well. We need to win the Premier League and we have to believe it will happen soon!

"Kenny is a legend of football"

- 1980: Wins second English league title.
- 1983: Wins the second of back-to-back titles and is voted both Football Writers' Player of the Year and PFA Player of the Year.

ONLY IN
Nuts!

He's the voice of the fans - and he's only in Nuts!

"I only had two
Burger Kings today!"

Maradona would bring magic to the Prem!

I have to say that I was pretty excited when I read that Argentine legend Diego Maradona said he was coming to England in February to begin talks about taking over the management of a Premier League club. He was the greatest player I ever saw in the flesh, and despite all the controversy that comes with

him, you have to admit it would be an incredible bit of box office to have the pint-sized genius in English football.

Not only is he one of the most historic figures ever to play the game, he actually wasn't too bad a boss for Argentina, either, and I think he could be something of a success if he came to these shores.

He'd need an interpreter because his English isn't great. The former Argentina striker Gabriel Batistuta seems to follow Diego wherever he goes, so if he doesn't coach Argentina

after Maradona leaves, I'm pretty sure he could do the job!

Most of the talk has been of Diego taking up the reins at Blackburn Rovers, where temporary manager Steve Kean has been doing a good job since the inexplicable sacking of Sam Allardyce. However, I think a more likely destination for him would be Craven Cottage and Fulham, where Maradona recently sat in the directors' box to watch the Cottagers take on Manchester City.

He won't have been too impressed with what he saw

that day, as Mark Hughes has struggled to follow the amazing season Roy Hodgson enjoyed with the club last season, and it's possible the chairman Mohamed Al-Fayed would be very open to the idea of Maradona bringing a bit of attention to the club. And he'd certainly do that!

Whether or not we do end up seeing the great man take a job at a Premier League club remains to be seen, but I think it could be brilliant fun. The press conferences alone would make it worthwhile!

"One destination for him could be Craven Cottage"

Chris' crystal ball!

Chris predicts the week's big games!

1 WOLVES VS LIVERPOOL
22 JAN, 12.45PM, SKY SP 1/HD

"Wolves winning at Anfield last year was the beginning of the end for Roy Hodgson, but I think Kenny Dalglish will make it a different story in the return."
KAMMY SAYS: 1-2

2 ASTON VILLA VS MAN CITY
22 JAN, 5.30PM, ESPN/HD

"I think Manchester City are very strong away from home, and defensively they're too strong for a Villa side that are struggling for goals right now."
KAMMY SAYS: 0-2

3 B'BURN VS WEST BROM
23 JAN, 4PM, SKY SP 1/HD

"Blackburn have steadied since their change of manager, and I reckon West Brom will be lucky to avoid the drop this year, so the points go to the home team."
KAMMY SAYS: 1-0

FA CUP RESULTS

It was a fantastic third-round weekend of the FA Cup, a competition that's back to its best. Giant-killings return, and that's what it's all about!

UNBELIEVABLY BAD!

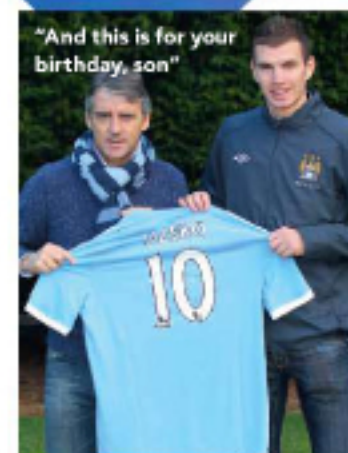

HELLO DAVE!

It's great to see Beckham back in England, but why doesn't he quit LA Galaxy for good? He could end his career on a high over here.

Edin can talk a good game!

City's new £27million striker Edin Dzeko made a name for himself last week! The Bosnian said most football fans in Manchester supported his new club rather than United - in his first press conference! Rather than crowing about Manchester United, Dzeko should keep his trap shut and let his boots do the talking!

"And this is for your birthday, son"

BABEL'S PIC!

Sometimes sports stars can't help themselves!

Just when you thought the world of sport couldn't get any more ridiculous, along comes the brilliant trend of Twitter ranting.

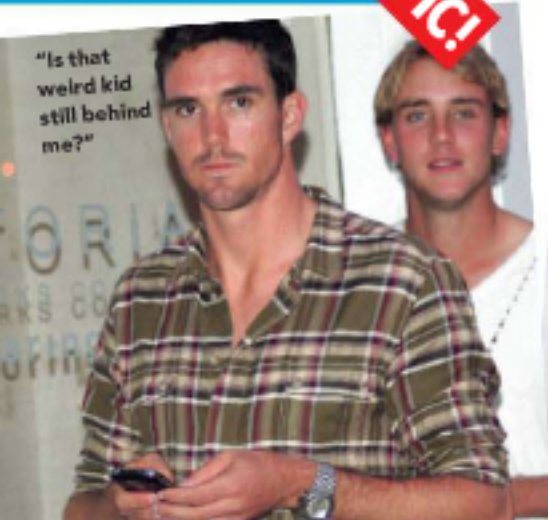

Seemingly not a day goes by without some star getting all grumpy via the medium of "tweets". Just recently, Liverpool man Ryan Babel got in a spot of

bother for posting a mocked-up picture of Howard Webb wearing a Man United strip after the baldy ref's decision to give a soft penalty in the FA Cup third-round match between the two sides.

Then his Anfield team-mate Glen Johnson reacted to criticism from a certain Sky

Sports legend by saying, "Who is Paul Merson to judge players, he was average at the best of times. The only reason he's on that show is coz he gambled all his money away. The clown!" Blimey!

And it turns out they're not alone – check out these other Twitter tantrums!

Nuts Poker School

This week: Get started with online poker

1. Why PKR?

Some people might find playing online poker for real money a bit daunting, but on PKR, it's now easier, faster and safer than ever. You don't have to break the bank either – the minimum deposit's just \$10 (about £6). Plus you get the added bonus of being able to play in the exclusive online Nuts Poker Room!

2. Talk money!

The most important rule is to only play with what you can afford to lose. If you're just moving up from the play-money tables, or you're completely new to the game, a good figure to start with would be \$20 (£13). This amount should provide plenty of value for money, and it shouldn't break you if you lose it.

3. Want free cash?

Yeah! As a new member to PKR, you'll be eligible for a 100 per cent matched bonus. For example, if you deposit \$20, you'll receive \$20 free from PKR when you play enough games to clear the bonus. A few hours' play a week should be enough to do that easily. To claim your cash, use the bonus code 'thenuts' when prompted as you make your first deposit.

Thinking of losing your online poker virginity? We asked the newest member of Team PKR Pro, Scott Shelley, to give us his expert advice on how to get

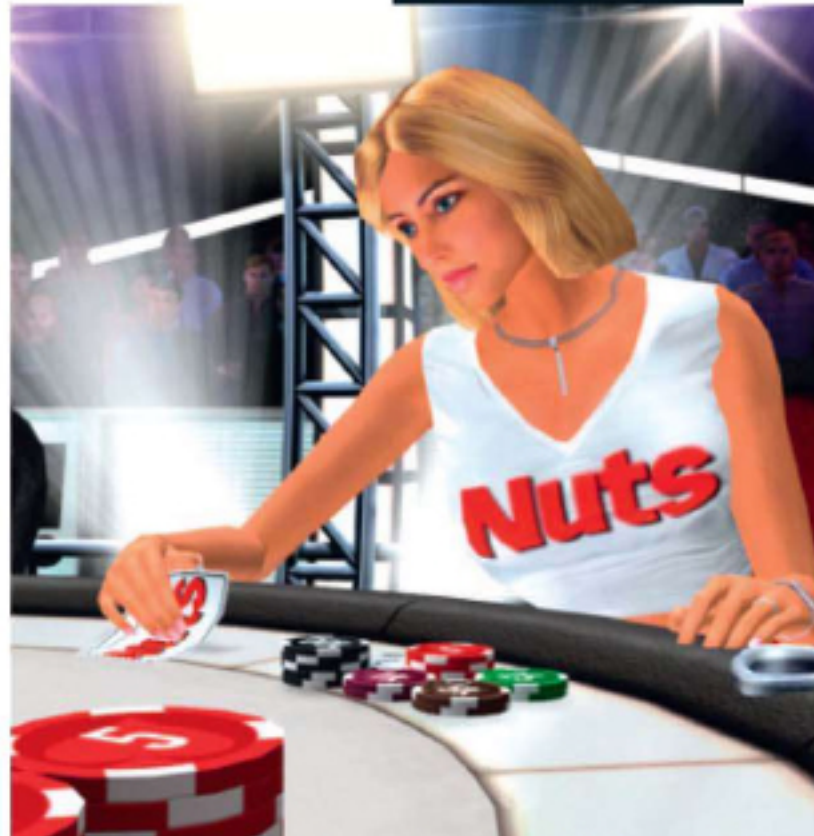

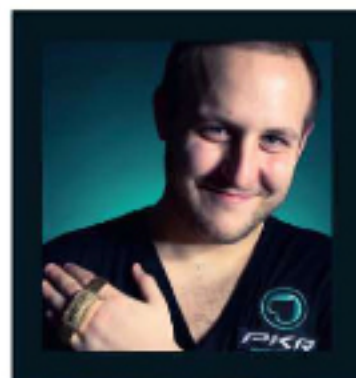

4. What to play

Start out by playing single table Sit & Go's. These start at a buy-in of just \$0.10 and \$0.02, so your \$20 will mean you get hundreds of games.

5. Multi-table

Multi-table tournaments (MTTs) are popular, as they offer the chance of winning big sums for little outlay. Keep to the small MTTs to start with, though, and only play with five per cent of your entire bankroll at any one time, which means starting on the \$1 MTTs and below.

CONFESSION OF THE WEEK!

'The whole room went silent'

Our hockey team's annual outing to a local restaurant is always a wild affair, and this year's was no different – by the end of the night, some of my team-mates were getting it on with each other. Then, after dessert had been cleared away and the staff had left us to it, our captain announced we'd be playing a game of truth or dare. It landed on me and the girl opposite, who was really sexy, so when they all egged us on to kiss, I didn't mind. We were only meant to do tongues for a second or two, but it all got a bit intense and we didn't pull away. Knowing that everyone was watching really turned me on and soon I was really horny. She let out a moan and lifted up her top to reveal her gorgeous boobs, and I kissed her nipples. Suddenly, we were aware that the room had gone silent, so we stopped and looked at all the faces gawping at us in disbelief. Thankfully, they then cracked up laughing and everyone gave out a big cheer!

Rosie, Norfolk

'Shopping trip got me so hot'

My boyfriend and I recently spent the day shopping in London and all I could think

about was touching him. It became so frustrating that when we made our way to the underground, I stood very close to him and let him know I was feeling really horny by placing his hand on my boob. We had

about seven shopping bags with us so when we got on the train, I made sure he had a few on his lap and slowly reached under the bags to give him a gentle stroke. At first, I thought we were discreet, but soon noticed a few guys winking at him and some ladies giving me a dodgy look, too. I didn't really care and it felt like he didn't mind either – so I just kept on going!

Steffie, Croydon

'I bent down to unzip him'

I was doing the late shift at work and was really bored, so took a walk around the office. To my surprise, I wasn't alone, as one of the office hunks I fancied was also working late. I decided to do a bit of harmless flirting with him to kill time. It was great fun and we soon started to get really intimate and steamy, but our fun came to a sudden halt as the cleaner walked into the room. I went back to work, thinking my chance to get it on with this guy was over and when my shift ended, I got ready to leave and made my way to the lift, feeling disappointed. Luckily, it turned out the hunk was finishing at the same time! As the lift doors closed, we instantly picked up where we'd left off. In no time at all, our hands were caressing each other, and I could see his enormous package bulging out of his tight trousers. So crouching down in my high heels, I unzipped him and took

him in my mouth. Within no time at all, he came, leaving us both feeling totally satisfied!

Debbie, Birmingham

'I made full use of the balcony'

My best friend recently got a special deal to the Canary Islands in this amazing hotel overlooking the sea and invited me along. One evening, while she was out, I was sitting on the balcony, enjoying a glass of wine, when I found myself getting really horny. There were hundreds of people below me enjoying an evening stroll on the beach, but I couldn't resist the urge to put my fingers down my skimpy shorts to pleasure myself. It felt so naughty to look at the sunset and all these other people strolling around, so I did it as slowly as possible to make the feeling last as long as I could. It must have been about an hour before I finally exploded with a long, satisfying groan. I'll definitely be going back there as soon as possible!

All the latest action-packed releases Ratings: ★★★★★ Genius ★★★★★ Very good ★★★ Investigate ★★ Alright ★ Rubbish

GAMES!

Users have generated over two million Little Big Planet levels

LITTLE BIG PLANET 2 PLAYSTATION 3

A gaming pinnacle for platform fans, this sees you playing gleefully inventive levels plucked from the minds of the developers, then creating levels all by yourself. Both aspects are ramped up, with single player more focused and enjoyable, and the level editor now far more accessible and logical. Grinny fun in abundance. ★★★★★

MINDJACK PC, XBOX 360

Third-person shooter where you can control passing characters by "jacking" into their minds – let down by the general feeling of been-there-before-ness. ★★★

ECHOCHROME II PLAYSTATION NETWORK

Fiendish puzzler where you move the environment (platforms and steps) through 360 degrees to help your man escape. Active shadows add to the fun, and it's Move compatible. ★★★★★

APPS!

ICLARKSON IPAD

It's ranting time as Jezza reviews 140 motors. Video and audio make this a must! ★★★★★

ROCK N ROLL FOOTBALL LIVE SCORES PHONE, TOUCH

Scores, text commentary, a live league table and radio commentary by Absolute Radio. ★★★★★

MOVIES!

All the lads are first-time actors and worked without a script

NEDS CERT 15

This ace teenage gang drama set in '70s Glasgow follows two tribes of Non-Educated Delinquents (or Neds). It's a mental rites-of-passage tale seen through the eyes of a young lad growing up in the shadow of his

mad dad and bad-boy brother. When young John ditches his studies to become a top boy, the fists, bottles and bricks start flying. It's a tartan-flavoured This Is England as newcomer Conor McCarron kicks ass! ★★★★★

THE DILEMMA CERT 12A

Vince Vaughn discovers his best mate's wife is having an affair. Cue the gags as the Dodgeball star makes a prat of himself! ★★★

BLACK SWAN CERT 15

Intense psycho-thriller set in the world of ballet. Don't be put off, it's scary! And Natalie Portman and Mila Kunis snog! ★★★★★

DVDS/BLU-RAY!

The film's a remake of 1998 French flick *Le Diner De Cons*

DINNER FOR SCHMUCKS CERT 12 DVD

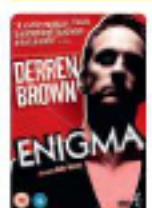

The ever-excellent Paul Rudd plays a bloke looking for a big promotion at work. Rudd finds himself in a pickle when he discovers his boss' upcoming dinner party has a prize for the biggest buffoon attending. Step forward mad artist Steve Carrell, who fits the bill perfectly. From the people behind *Meet The Parents*, this fails to hit those heights but still offers some laugh-out-loud moments. ★★★

THORNE CERT 15 DVD & BLU-RAY

Sky1's dark crime drama comes to DVD as DI Thorne (David Morrissey) pursues some evil killers in two three-parters, *Scaredy Cat* and *Sleepyhead*. ★★★★★

DERREN BROWN: ENIGMA LIVE CERT 15 DVD

The brain-boggler's up to his old tricks in this 2009 show, where, among other things, he attempts to put the audience into a trance. The finale will truly amaze you! ★★★★★

GROWN UPS CERT 12 DVD & BLU-RAY

Another average Adam Sandler flick following five childhood pals who reunite to attend the funeral of their youth basketball coach. Quite funny. Quite! ★★★

MUSIC!

VARIOUS ARTISTS 10 YEARS OF ANJUNABEATS

Class double-disc mixed by Above & Beyond, looking back at a decade of dance put out by Anjunabeats. We look forward to the next ten years! ★★★★★

WHITE LIES RITUAL

More from the moody rockers, and that's no bad thing at all. *Bigger Than Us* sets the tone for a pounding album of anthems. It's perfect for a drizzly January! ★★★★★
